Your Benefit Plan

Because we offer several different benefit plans, it's a good idea to know what your specific Plan covers. These details are included with your insurance benefit plan and your *Schedule of Benefits*. The Schedule of Benefits is inserted in the front of your contract and is a summary of the services and procedures for which you will receive coverage, as well as any copayments, deductibles or coinsurance associated with them. You can find your plan's contract at **www.lablue.com/contract-booklet**.

Customer Service

If you still have questions regarding coverage, please call Customer Service at the number on your member ID card or email us at **help@lablue.com**. Our team of experienced and knowledgeable customer service representatives — all located in Louisiana — can answer a wide range of questions. You may find some answers to your questions on our website at **www.lablue.com** or in the Frequently Asked Questions section within this brochure.

Understanding Key Terms*

These are the terms you need to know to help you understand your plan.

- **Allowable Charge** – the lesser of either (1) the billed charge from the provider; or (2) the amount we establish or negotiate as the maximum amount allowed for all provider services covered under the terms of your benefit plan.
- **Authorization** – a determination regarding your admission, continued hospital stay or other healthcare service or supply which, based on the information provided, satisfies the medical necessity clinical review criteria requirement, appropriateness of the healthcare setting or level of care and effectiveness. An authorization is not a guarantee of payment and is not a determination about your choice of provider.
- **Benefits** – the healthcare services and supplies the insurer agrees to pay for under the terms of your insurance benefit plan.
- **Claim** – a request by an insured person (or a provider) for the insurance company to pay for healthcare services.
- **Coinsurance** – some insurance benefit plans require the member to pay a percentage of the healthcare bill. This usually happens after the deductible has been satisfied. With coinsurance the member pays a percentage, and the insurance company pays the rest, up to the company's allowable charge for the service.
- **Copayment** – a fixed dollar amount that a member pays for a covered service or prescription drug.
- **Deductible** – the amount a member must pay for covered healthcare services before insurance benefits kick in.
- **Dependents** – the spouse and/or unmarried children (whether natural, adopted or step) of an insured person, or other eligible people as listed in your Schedule of Benefits.
- **Drug formulary (or just formulary)** – a list of prescription drugs approved for use that may be covered.
- **Explanation of Benefits (EOB)** – the insurance company's written response to a claim, showing what the company paid and what the member must pay.
- **Health Savings Account (HSA)** – a specific type of savings account that allows individuals to set aside funds tax-free to pay for select medical expenses. HSAs are available to people enrolled in qualified high-deductible health plans, like our BlueSaver® and Blue Connect Savings Plus, and many tax guidelines apply.
- **Health Reimbursement Arrangement (HRA)** – an employer-sponsored account to reimburse a portion of a participant's eligible out-of-pocket medical expenses, such as deductibles, coinsurance and pharmacy expenses. An HRA is a reimbursement program funded entirely by an employer to help make healthcare more affordable.
- **HIPAA** – Health Insurance Portability and Accountability Act of 1996. A federal law that allows people to qualify immediately for comparable health insurance coverage when they change jobs or relationships. It also specifies requirements to protect the security and privacy of personally identifiable health information.
- **Patient Protection and Affordable Care Act** – A federal law, passed in 2010, designed to expand access to affordable health insurance to more people, especially people of modest income.

**These are general descriptions of coverage and coverage terms and are not meant to replace any definitions in your insurance benefit plan or Schedule of Benefits. In case of conflict, the language in your insurance benefit plan or Schedule of Benefits prevails.*

- **Provider** – a term used for health professionals who provide healthcare services, including doctors and specialists, hospitals, urgent care clinics, allied health facilities and allied health professionals. A **participating provider** is part of an insurance company’s network of providers that agree to accept a discounted rate for their services. A **primary care provider** (PCP) is a provider who is responsible for coordinating an individual’s overall healthcare needs.

Find Care

Search your network to find a provider for the care you need. When you see a provider in your plan’s network, you save money and get the most out of your benefits. You can search common medical procedures to see cost estimates based on your benefits. You can also get drug cost information based on your pharmacy benefits.

Log in to your member account at lablue.com or visit findcare.lablue.com to use the Find Care provider directory and cost estimator tools.

Care Management

If you have diabetes, heart disease, traumatic injuries, serious illnesses or other chronic conditions, our Care Management programs help guide you through the healthcare system and get the services that you need in a timely manner. Members do not pay anything to work with a health coach. Visit www.lablue.com/managingcare to learn more.

A health coach gives you:

- Personal, confidential support and attention
- Preventive and wellness care reminders
- Improved and up-to-date self-management techniques and support
- Nurse coaching support tailored to the areas where you want to see change
- Support for health decisions and conversations with caregivers and health providers

Call 1-800-317-2299 to enroll in a Case Management program.

Key Insights Before You Seek Care

To receive the highest level of benefits, it's important to use providers within your plan's network. In-network providers offer care at lower, negotiated rates, which can significantly reduce your out-of-pocket costs and help prevent surprise bills.

Because provider participation may change, always check the most up-to-date directory at findcare.lablue.com or in the **MyLABlue mobile app**. Simply select your plan's network, then search for providers by name, specialty or procedure and narrow your results with easy-to-use filters.

Finding the right provider is easy. Click on a provider's name to view details — such as accepted networks, specialties and expertise, board certification, provider credentials, awards, recognitions and affiliated facilities, ratings & reviews, hours, phone numbers and locations — so you can choose care with confidence.

Before you get care, consider your options and costs:

Primary Care Provider (PCP) or Specialist	Urgent Care	Emergency Room (ER)
\$	\$ \$	\$ \$ \$ \$
Provides ongoing care for non-emergent health issues. Focuses on preventive care and managing chronic conditions. No referral required to see a specialist, for faster access to care.	Provides care for minor illnesses or injuries that need to be looked at quickly but are not life-threatening. Most urgent care centers have night and weekend hours. They often do X-rays, lab work or stitches.	Provides care for life-threatening illnesses and injuries. Call 911 or go to the nearest emergency room. Emergency care is covered anywhere. However, authorization for an emergency inpatient admission must be requested within 48 hours of hospital admission.

Planned Stays in the Hospital

- **In-Network Hospital:** As long as you're staying at an in-network hospital and your doctor receives an authorization from us before your stay, you will get in-network benefits.
- **Out-of-Network Hospital:** If the hospital is outside of your network, you will need prior authorization to determine whether your stay is medically necessary. You will pay higher out-of-network costs. You may also be balance billed.

Lab Services

Out-of-network lab tests may have higher costs and even billed charges. Pay less by going to an in-network laboratory.

Prior Authorization

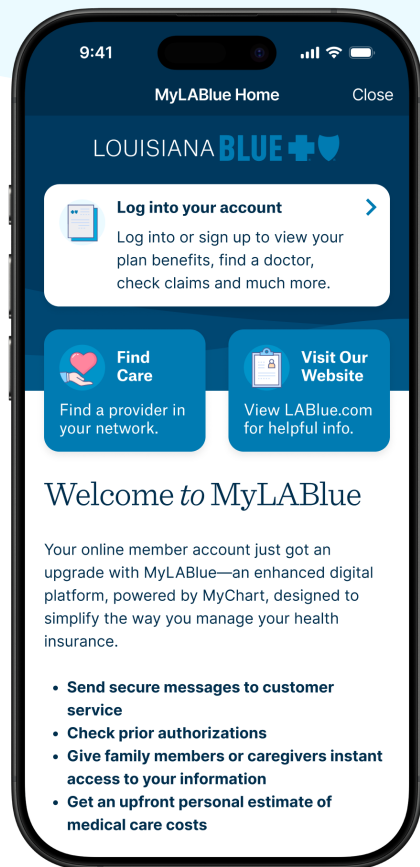

We may require prior authorizations (PA) to determine the medical necessity for inpatient and outpatient services or for supplies. Find a list of the services and supplies that require a PA on your schedule of benefits. In-network providers will process a required PA for you.

BlueCard® Program

BlueCard® is a national program that allows you to receive healthcare services while traveling or living in another Blue Plan's service area. The program links participating healthcare providers with independent Blue Plans across the country and in nearly 200 countries and territories worldwide through a single electronic network.

- With GroupCare PPO, BlueSaver and Premier Blue plans, if your member goes to a PPO provider in another state or country, the plan will pay in-network as if he or she were at home.
- With Blue Point of Service and Select Network plans, unless it is emergency care, care obtained outside your member's Louisiana HMO network will be paid at the out-of network benefit level.
- With HMO Network plans, care obtained outside your member's Louisiana HMO network is not covered unless it is emergency care.

You can search for a prescription drug on your covered drug list (also known as a *formulary*) at **www.lablue.com/CoveredDrugs**. We encourage you to share any concerns regarding the care or services you receive from us or our network providers. That's why we have a formal process for members to appeal any of our decisions or state any grievances. Some of our decisions may also allow you to seek an independent external review. To learn more about these processes, please visit **www.lablue.com**, call Customer Service at the number on your member ID card, or refer to the Complaint, Grievance and Appeal Procedure section of your benefit plan.

9. How does Louisiana Blue determine covered benefits?

Louisiana Blue's covered benefits are designed to meet all applicable federal and state requirements. Each year, our products are reviewed and updated to reflect regulatory changes, clinical best practices and evolving member needs. Existing benefits may be modified, and new benefits — such as emerging medical technologies or treatments — are evaluated for inclusion based on medical evidence, safety, effectiveness and value. Most benefit updates or changes are communicated to members through mandated notices, plan documents and other approved informational channels.

Uses and Disclosures of Medical Information

We will refer to your “health information” throughout this Notice. When we say “health information,” we mean what the federal privacy rules (“the HIPAA privacy regulations”) call “Protected Health Information.” This is individually identifiable health information, including demographic information, collected from you or created or received by a healthcare provider, a health plan, your employer if you are covered under a group plan, or a healthcare clearinghouse and that relates to: (i) your past, present, or future physical or mental health or condition; (ii) the provision of healthcare to you; (iii) the past, present, or future payment for the provision of healthcare to you. Any terms not defined in this Notice should have the same meaning as they have in the HIPAA Privacy Regulations as set out in 45 C.F.R. § 164.501.

Required Disclosures of Your Health Information

We **must** disclose your health information:

- To you or someone who has the legal right to act for you (your personal representative), if the information you seek is contained in a designated record set, and
- To the Secretary of the Department of Health and Human Services, if necessary, to investigate or determine our compliance with the HIPAA Privacy Regulations.

Permissive Disclosures of Your Health Information

We **have the right** to use and disclose your health information for:

Treatment: We may disclose your health information to a physician or other healthcare provider to treat you. For example, we may send a copy of a member’s medical records we maintain to a physician who needs the additional information to treat the member.

Payment: We may use and disclose your health information to pay claims from physicians, hospitals and other healthcare providers for services delivered to you that are covered by your health plan, to determine your eligibility for benefits, to coordinate your benefits with other payers, to determine the medical necessity of care delivered to you, to obtain premiums for your health coverage, to issue explanations of benefits, and the like. We may disclose your health information to a healthcare provider or another health plan for that provider or plan to obtain payment or engage in other payment activities.

Healthcare Operations: We may use and disclose your health information for healthcare operations. Healthcare operations include:

- reviewing and evaluating healthcare provider and health plan performance, healthcare provider and health plan accreditation, certification, licensing and credentialing activities;
- healthcare quality assessment and improvement activities;
- conducting or arranging for medical reviews, audits and legal services, including fraud and abuse detection and prevention;
- underwriting and premium rating our risk for health coverage (although we are prohibited from using or disclosing any genetic information for these underwriting purposes); and
- business planning, development, management and general administration, including customer service, grievance resolution, de-identifying health information and creating limited data sets for healthcare operations, public health activities and research;
- sharing detailed medical claims and wellness information with your primary care physician to improve care and reduce costs.

For a full list of the activities covered by the terms in this section, please consult the definitions set out in 45 C.F.R. § 164.501.

Others Covered by the Privacy Rule: We may disclose your health information to another health plan or to a healthcare provider for certain healthcare operations subject to federal privacy protection laws. We may do so as long as the plan or provider has or had a relationship with you and the health information is for that plan's or provider's healthcare quality assessment and improvement activities, evaluation, or fraud and abuse detection and prevention. For example, we may share your information with your doctors for their licensing or credentialing activities.

Business Associates: We hire individuals and companies to perform various functions on our behalf or to provide certain types of services for us. In order to help us, these business associates may receive, create, maintain, use, or disclose your health information. Before they may have any contact with your health information, we require them to sign a written agreement stating they will keep your health information private and secure.

Examples of our business associates include:

- Medical experts hired to review claims;
- A pharmacy benefit management company hired to assist us in managing pharmacy claims;
- A company hired to conduct data analysis to help us determine which of our programs and services are most helpful to customers, which should be changed and others that we should start.

Your Authorization: You may give us written authorization to use your health information or to disclose it to anyone for any purpose. If you give us an authorization, you may revoke it in writing at any time. However, we will not be able to undo any action that was taken before that authorization was revoked. Unless you give us a written authorization, we will not use or disclose your health information for any purpose other than those described in this Notice. To the extent (if any) that we maintain or receive psychotherapy notes about you, most disclosures of these notes require your authorization. Also, to the extent (if any) that we use or disclose your information for our fundraising practices, we will provide you with the ability to opt out of future fundraising communications. In addition, most (but not all) uses and disclosures of health information for marketing purposes and disclosures that constitute a sale of protected health information require your authorization.

Family, Friends and Others Involved in Your Care or Payment for Care: Unless you object, we may disclose your health information to a family member, friend or any other person you involve in your healthcare or payment for your healthcare. We will disclose only the health information that is related to the person's involvement. We may use or disclose your name, location, and general condition to notify, or to assist an appropriate public or private agency to locate and notify, a person responsible for your healthcare in appropriate situations, such as medical emergency or during disaster relief efforts (for example, to Red Cross during a natural disaster).

Before we make such a disclosure, we will provide you with an opportunity to object. If you are not present or are incapacitated or it is an emergency or disaster relief situation, we will use our professional judgment to determine whether disclosing your health information is in your best interest under the circumstances.

Your Employer: We may disclose to your employer whether or not you are enrolled in a health plan that your employer sponsors. We may disclose summary health information to your employer to use to obtain premium bids for the health insurance coverage offered under the group health plan in which you participate or to decide whether to modify, amend or terminate that group health plan. Summary health information is information about claims history, claims expenses or types of claims experienced by the enrollees in your group health plan. Although this summary health information does not specifically identify any individual, it still may be possible to identify you or others through review of this summary health information.

We may disclose your health information and the health information of others enrolled in your group health plan to your employer to administer your group health plan. Before we may do that, your employer must meet certain requirements. This includes amending the plan document for your group health plan to establish the limited uses and disclosures it may make of your health information. Please see your group health plan document for a full explanation of the limitations placed on your employer for the use of this information and for any disclosures that may be made to the group health plan itself.

Health-Related Products and Services: Where permitted by law, we may use your health information to communicate with you about health-related products, benefits and services and payment for those products, benefits and services that we provide or include in our benefits plan, and about treatment alternatives that may be of interest to you. These communications may include information about the healthcare providers in our network, about replacement of or enhancements to your health plan, and about health-related products or services that are available only to our enrollees that add value to, although they are not part of, our benefits plan. For example, we may contact you about a Medicare Supplement insurance plan when you near age 65.

Public Health and Benefit Activities: Although this does not occur often, we may use and disclose your health information when required by law and when authorized by law for the following kinds of public interest activities:

- for public health, including to report disease and vital statistics, child abuse, and adult abuse, neglect or domestic violence;
- to avert a serious and imminent threat to health or safety;
- for healthcare oversight, such as activities of state insurance commissioners, licensing and peer review authorities and fraud prevention enforcement agencies;
- for research in certain situations, such as when:
 1. an institutional review board or privacy board has reviewed the research proposal and established protocols to ensure the privacy of the information and approved the research or
 2. conducting research with de-identified or limited data sets to learn more about how to help members improve their health;
- in response to court and administrative orders and other lawful process;
- to law enforcement officials with regard to crime victims, crimes on our premises, crime reporting in emergencies, and identifying or locating suspects or other persons;
- to coroners, medical examiners, funeral directors and organ procurement organizations;
- to the military, to federal officials for lawful intelligence, counterintelligence and national security activities, and to correctional institutions and law enforcement regarding persons in lawful custody; and
- as authorized by state workers' compensation laws.

Substance Use Disorder Information: Substance Use Disorder treatment records received from programs subject to federal regulation 42 CFR part 2, or testimony relaying the content of such records, shall not be used or disclosed in civil, criminal, administrative, or legislative proceedings against the individual unless based on written consent, or a court order after notice and an opportunity to be heard is provided to the individual or holder of the record, as provided in 42 CFR part 2 regulations. A court order authorizing use or disclosure must be accompanied by a subpoena or other legal requirement compelling disclosure before the requested substance use disorder record is used or disclosed.

Be advised that the potential for information disclosed pursuant to a permitted use or disclosure may be subject to redisclosure by the recipient and no longer protected.

Individual Rights

The following are your rights with respect to your health information. If you would like to exercise any of the following rights, please submit your request in writing, sign your request, and mail it to the Louisiana Blue Privacy Office at P.O. Box 84656, Baton Rouge, LA 70884-4656. Our contact information is provided at the end of this Notice.

Access: You have the right to examine and to receive a copy of your health information we maintain about you in a "designated record set," with limited exceptions. This may include an electronic copy in certain circumstances if you make this request in writing.

Generally, a "designated record set" contains:

- claims and payment information;
- enrollment and billing information;
- other records used to make decisions about your healthcare benefits.

We may charge you reasonable, cost-based fees for a copy of your health information, for mailing the copy to you, and for preparing any summary or explanation of your health information you may request. Contact us using the information at the end of this Notice for information about our fees. You may withdraw your request if you do not wish to pay the fees.

In certain situations, we may deny your request to inspect and obtain a copy of your health information. If we deny your request, we will notify you in writing and will inform you whether or not you have the right to have the denial reviewed.

Disclosure Accounting: You have the right to an accounting of certain disclosures that we make of your health information, excluding disclosures for treatment, payment, healthcare operations, as authorized by you, and for certain other activities.

We will provide you with information about each accountable disclosure that we made during the period for which you request the accounting, except we are not obligated to account for a disclosure that occurred more than six years before the date of your request. If you request this accounting more than once in a 12-month period, we may charge you a reasonable, cost-based fee for responding to your additional requests. Contact us using the information at the end of this Notice for information about our fees.

Amendment: You have the right to request that we amend your health information that we maintain about you in your designated record set. We may deny your request for certain reasons. For example, we may deny your request if the information you want to amend was created by your doctor. If we deny your request, we will provide you a written explanation, and explain to you how you can disagree with the denial by filing a statement of disagreement with us. If we accept your request, we will make your amendment part of your designated record set, and use reasonable efforts to inform others of the amendment who we know may have relied on the unamended information to your detriment, as well as persons you tell us you want to receive the amendment.

Restriction: You have the right to request that we restrict our use or disclosure of your health information for treatment, payment or healthcare operations, or with family, friends or others you identify. We are not required to agree to your request. If we do agree, we will honor our agreement, except in a medical emergency or as required or authorized by law. Any agreement we may make to a request for restriction must be in writing and agreed to by our Privacy Office.

Confidential Communication: If you believe that a disclosure of all or part of your health information may endanger you if sent to your current mailing address, you have the right to request that we communicate with you in confidence about your health information by a different means or to a different location that you specify. You must make your request in writing, and your request must represent that the information could endanger you if it is not communicated in confidence as you request.

We will accommodate your request if it is reasonable. You must specify the alternative means of contact or location for confidential communication, and continue to permit us to collect premiums and pay claims under your health plan. Please note that other information that we send to the subscriber about healthcare benefits received may contain sufficient information to reveal that you

obtained healthcare for which we paid, even though you requested that we communicate with you about that healthcare in confidence. If you have given someone else permission to receive health information about you, a request for confidential communications will cancel this permission unless you tell us otherwise.

Electronic Notice: If you receive this Notice on our website or by electronic mail (email), you have the right to receive this Notice in written form. Please contact us using the information at the end of this Notice to obtain this Notice in written form.

Potential Impact of State Privacy Laws: The federal healthcare Privacy Regulations generally do not “preempt” (or take precedence over) state privacy or other applicable laws that provide individuals greater privacy protections. As a result, to the extent state law applies, the privacy laws of a particular state, or other federal laws, rather than the HIPAA Privacy Regulations, might impose a privacy standard under which we will be required to operate. For example, where such laws have been enacted, we will follow more stringent state privacy laws that relate to uses and disclosures of the protected health information concerning HIV or AIDS, mental health, substance abuse/chemical dependency, genetic testing, reproductive rights, or disclosure of health information of minors.

Breach Notification: In the event of a breach of your unsecured health information, we will provide you notification of such a breach as required by law or where we otherwise deem appropriate.

Questions and Complaints

If you want more information about our privacy practices or have questions or concerns, please contact us using the information at the end of this Notice.

If you are concerned that we may have violated your privacy rights, or you disagree with a decision we made about access to your health information or in response to a request you made to amend, restrict the use or disclosure of, or communicate in confidence about your health information, you may complain to us using the contact information at the end of this Notice. You also may submit a written complaint to the U.S. Department of Health and Human Services Office for Civil Rights by sending a letter to 200 Independence Ave., S.W., Washington, D.C. 20201. You may contact the Office for Civil Rights’ Hotline at 1-877-696-6775 or visit www.hhs.gov/ocr/privacy/hipaa/complaints.

We support your right to the privacy of your health information. We will not retaliate in any way if you choose to file a complaint with us or with the U.S. Department of Health and Human Services.

MEMBER DATA PROTECTION STATEMENT

At Blue Cross and Blue Shield of Louisiana (Louisiana Blue), our mission is to improve the health and lives of Louisianians — including by how we store, use and protect our members' data. Louisiana Blue has strong processes in place which all of our employees must follow to protect members' data in all forms (spoken, written and/or electronic).

Louisiana Blue approaches members' data protection from three perspectives — physical security, cybersecurity and privacy. Louisiana Blue recruits, hires and trains qualified staff who work together to safely store our members' information and makes sure all employees are following the laws and regulations that protect it.

Louisiana Blue has extensive policies and procedures that outline the security and privacy standards and responsibilities for protecting members' data. Employees are trained on Louisiana Blue data protection protocols as soon as they start working here, and all employees have refresher training at least once a year.

Louisiana Blue does not give every employee access to members' information, and not all access is the same. How much member information any Louisiana Blue employee can access depends on his/her job and role within the company. Employees can only get to the information they need to do their jobs and not anything else. For example, a Customer Service advisor who needs member information to answer calls is able to see those records, but a business analyst working on internal projects would not need this access.

Spoken Data

Before Louisiana Blue employees give information over the phone or in person, they take steps to authenticate the identities of the people requesting information. This is to make sure the people calling are really who they say they are and that they have the right to request that information.

Louisiana Blue has a process for our members to let us know whom they want to be an authorized delegate or legal representative. That means you are giving permission for them to contact Louisiana Blue and ask for information on your behalf.

Written Data

Louisiana Blue has strong privacy protection rules for paper documents. Employees are required to keep records in a safe place where they cannot be seen, for example in a locked file cabinet instead of lying on a desk. Louisiana Blue requires employees to go through their computers and securely destroy electronic files that are no longer needed. This prevents the information in these records from being stolen or accessed by the wrong people.

Electronic Data

Louisiana Blue IT staff uses the latest technology to keep electronic information secure by encrypting it within internal systems so that no one can get to it from outside the system. The IT staff members have processes in place to detect and prevent hackers from getting to our technical systems and monitor how employees access and use information within the organization.

If you have questions about how Louisiana Blue uses, stores or protects members' data, call our Information Governance Office at (225) 298-1751.

BALANCE BILLING DISCLOSURE NOTICE REQUIRED BY LOUISIANA LAW

HEALTHCARE SERVICES MAY BE PROVIDED TO YOU AT A NETWORK HEALTHCARE FACILITY BY FACILITY-BASED PHYSICIANS WHO ARE NOT IN YOUR HEALTH PLAN. YOU MAY BE RESPONSIBLE FOR PAYMENT OF ALL OR PART OF THE FEES FOR THOSE OUT-OF-NETWORK SERVICES, IN ADDITION TO APPLICABLE AMOUNTS DUE FOR COPAYMENTS, COINSURANCE, DEDUCTIBLES AND NONCOVERED SERVICES.

SPECIFIC INFORMATION ABOUT NETWORK AND NON-NETWORK FACILITY-BASED PHYSICIANS CAN BE FOUND AT **LABLUE.COM** OR BY CALLING THE CUSTOMER SERVICE TELEPHONE NUMBER ON THE BACK OF YOUR ID CARD.

NOTICE: YOUR SHARE OF THE PAYMENT FOR HEALTHCARE SERVICES MAY BE BASED ON THE AGREEMENT BETWEEN YOUR HEALTH PLAN AND YOUR PROVIDER. UNDER CERTAIN CIRCUMSTANCES, THIS AGREEMENT MAY ALLOW YOUR PROVIDER TO BILL YOU FOR AMOUNTS UP TO THE PROVIDER'S REGULAR BILLED CHARGES.

Your Rights and Protections Against Surprise Medical Bills Under Federal Law

When you get emergency care or get treated by an out-of-network provider at a network hospital or ambulatory surgical center, you are protected from surprise billing or balance billing.

What is a balance or surprise bill? Surprise or balance billing is when an out-of-network provider bills you for more than what your plan pays a network provider for the same care.

Out-of-network providers may bill you for more than what your plan pays a network provider for the same kind of care. Out-of-network providers cannot send you an unexpected bill when you cannot choose who treats you. Out-of-network providers who see you in a true health emergency cannot send you a bill for more than what your plan pays. In most cases, out-of-network providers who see you in a network hospital cannot send you a bill for more than what your plan pays without your consent.

You are protected from balance billing for:

- Emergency services: If you must get care in a true emergency from an out-of-network provider, the most the provider may bill you is your plan's copayment, coinsurance or deductible for network care. You cannot be balance billed for these emergency services. This includes care you may get after you are in stable condition unless you give written consent and give up your protections not to be balance billed.
- Certain services at a network hospital or ambulatory surgical center: When you get services from a network hospital or ambulatory surgical center, certain providers there may be out-of-network. **In most cases, out-of-network providers who see you in a network hospital (anesthesiologists, emergency room doctors, neonatologists, pathologists, radiologists and others) cannot send you a surprise bill. These providers may not ask you to give up your protections not to be balance billed.**

If you get other care at these network facilities, out-of-network providers cannot balance bill you unless you give written consent and give up your protections.

You are never required to give up your protections from balance billing. You also are not required to get care out-of-network. You can choose a provider or facility in your plan's network.

When balance billing is not allowed, you also have the following protections:

You are only responsible for paying any copayments, coinsurance or deductible that you would pay if the provider was in your network. Your health plan will pay the out-of-network providers and facilities.

Your health plan generally must:

- Cover emergency services without requiring you to get approval for care in advance (prior authorization).
- Cover emergency services by out-of-network providers.
- Base what you owe the provider or facility (cost-sharing) on what it would pay a network provider or facility and show that amount in your explanation of benefits.
- Count any amount you pay for emergency services or out-of-network services toward your network deductible and out-of-pocket limit.

If you believe you have been wrongly billed, you may contact **1-800-985-3059** or visit **cms.gov/nosurprises** for more information about your rights under federal law.

Find more information about surprise or balance billing at **lablue.com/hbp**.

Loss of Coverage for Medicaid or a State Children’s Health Insurance Program – If you decline enrollment for yourself or for an eligible dependent (including your spouse) because Medicaid coverage or coverage under a state children’s health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. You must request enrollment within 60 days after your or your dependents’ coverage ends under Medicaid or a state children’s health insurance program.

New Dependent by Marriage, Birth, Adoption, or Placement for Adoption – If you acquire a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents as special enrollees. You must request enrollment within thirty (30) days after the marriage, birth, adoption, or placement for adoption.

Eligibility for Medicaid or a State Children’s Health Insurance Program – If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children’s health insurance program with respect to coverage under this plan, you may be able to enroll yourself and your dependents in this plan. You must request enrollment within 60 days after your or your dependents’ determination of eligibility for such assistance.

LLHIGA NOTICE

Summary of the Louisiana Life and Health Insurance Guaranty Association Act and Notice Concerning Coverage Limitations and Exclusions

A. Residents of Louisiana who purchase life insurance, annuities or health insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Louisiana Life and Health Insurance Guaranty Association, or LLHIGA. The purpose of LLHIGA is to assure that policyholders will be protected, within limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this happens, LLHIGA will assess its other member insurance companies for the money to pay the claims of insured persons who live in this state, and in some cases, to keep coverage in force. However, the valuable extra protection provided by these insurers through LLHIGA is limited. As noted in the disclaimer below, this protection is not a substitute for consumers' care in selecting companies that are well-managed and financially stable.

Disclaimer

The Louisiana Life and Health Insurance Guaranty Association provides coverage of certain claims under some types of policies if the insurer becomes impaired or insolvent. COVERAGE MAY NOT BE AVAILABLE FOR YOUR POLICY. Even if coverage is provided, there are significant limits and exclusions. Coverage is generally conditioned upon residence in this state. Other conditions may also preclude coverage.

Insurance companies and insurance agents are prohibited by law from using the existence of the association or its coverage to sell you an insurance policy. You should not rely on the availability of coverage under the Louisiana Life and Health Insurance Guaranty Association when selecting an insurer.

The Louisiana Life and Health Insurance Guaranty Association or the Department of Insurance will respond to any questions you may have which are not answered by this document.

B. The state law that provides for this safety-net coverage is called the Louisiana Life and Health Insurance Guaranty Association Law (the law), and is set forth at R.S.22:2081 et seq. The following is a brief summary of this law's coverage, exclusions and limits. This summary does not cover all provisions of the law; nor does it in any way change any person's rights or obligations under the law or the rights or obligations of LLHIGA.

C. Generally, individuals will be protected by the Louisiana Life and Health Insurance Guaranty Association if they live in this state and hold a direct non-group life, health, health maintenance organization, or annuity policy or contract, a certificate under a direct group policy or contract for a supplemental contract to any of these, or an unallocated annuity contract, issued by an insurer authorized to conduct business in Louisiana. The beneficiaries, payees or assignees of insured persons may also be protected as well, even if they live in another state; unless they are afforded coverage by the guaranty association of another state, or other circumstances described under the law are applicable.

D. Exclusions from Coverage

1. A person who holds a direct non-group life, health, health maintenance organization, or annuity policy or contract, a certificate under a direct group policy or contract for a supplemental contract to any of these, or an unallocated annuity contract is not protected by LLHIGA if:
 - a. he is eligible for protection under the laws of another state;
 - b. the insurer was not authorized to do business in this state;
 - c. his policy was issued by a profit or nonprofit hospital or medical service organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policyholder is subject to future assessments, an insurance exchange, an organization that issues charitable gift annuities as is defined by law, or any entity similar to any of these.
2. LLHIGA also does not provide coverage for:
 - a. any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as a variable contract sold by prospectus;
 - b. any policy of reinsurance (unless an assumption certificate was issued);
 - c. interest rate or crediting rate yields, or similar factors employed in calculating changes in value, that exceed an average rate;
 - d. dividends, premium refunds, or similar fees or allowances described under the law;
 - e. credits given in connection with the administration of a policy by a group contract holder;
 - f. employers', associations' or similar entities' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them) or uninsured;
 - g. unallocated annuity contracts (which give rights to group contract holders, not individuals), except if qualified by law;
 - h. an obligation that does not arise under the express written terms of the policy or contract issued by the insurer to the policy owner or contract owner, including but not limited to, claims described under the law;
 - i. a policy or contract providing any hospital, medical, prescription drug or other healthcare benefits pursuant to "Medicare Part A coverage", "Medicare Part B coverage", "Medicare Part C coverage", or "Medicare Part D coverage" and any regulations issued pursuant to those parts;
 - j. interest or other changes in value to be determined by the use of an index or other external references but which have not been credited to the policy or contract or as to which the policy or contract owner's rights are subject to forfeiture, as of the date the member insurer becomes an impaired or insolvent insurer, whichever is earlier.

E. Limits on Amounts of Coverage

1. The Louisiana Life and Health Insurance Guaranty Association Law also limits the amount that LLHIGA is obligated to pay out.
2. The benefits for which LLHIGA may become liable shall in no event exceed the lesser of the following:
 - a. LLHIGA cannot pay more than what the insurance company would owe under a policy or contract if it were not an impaired or an insolvent insurer.
 - b. For any one insured life, regardless of the number of policies or contracts there are with the same company, LLHIGA will pay a maximum of \$300,000 in life insurance death benefits, but not more than \$100,000 in net cash surrender and net cash withdrawal values for life insurance.
 - c. For any one insured life, regardless of the number of policies or contracts there are with the same company, LLHIGA will pay a maximum of \$500,000 in health insurance benefits, and LLHIGA will pay a maximum of \$250,000 in present value of annuities, including net cash surrender and net cash withdrawal values.
3. In no event, regardless of the number of policies and contracts there were with the same company, and no matter how many different types of coverages, LLHIGA shall not be liable to expend more than \$500,000 in the aggregate with respect to any one individual.
