If there is any discrepancy between the information in this brochure and the policy, the policy prevails. Premium will vary with the level of benefits chosen. For complete information, please refer to the policy.

Benefits are based on allowable charges. Allowable charge is defined as the lesser of the billed charge or the amount established or negotiated by Blue Cross and Blue Shield of Louisiana and HMO Louisiana, Inc., (hereinafter Louisiana Blue) as the maximum amount allowed for all provider services covered under the terms of the policy.

NOTICE: HEALTHCARE SERVICES MAY BE PROVIDED TO YOU AT A NETWORK HEALTHCARE FACILITY BY FACILITY-BASED PHYSICIANS WHO ARE NOT IN YOUR HEALTH PLAN. YOU MAY BE RESPONSIBLE FOR PAYMENT OF ALL OR PART OF ANY FEES FOR THOSE OUT-OF-NETWORK SERVICES, IN ADDITION TO APPLICABLE AMOUNTS DUE FOR COPAYMENTS, COINSURANCE, DEDUCTIBLES AND NON-COVERED SERVICES.

SPECIFIC INFORMATION ABOUT IN-NETWORK AND OUT-OF-NETWORK FACILITY-BASED PHYSICIANS CAN BE FOUND AT **WWW.LABLUE.COM/HBP** OR BY CALLING THE CUSTOMER SERVICE PHONE NUMBER ON YOUR MEMBER ID CARD.

Utilization Management decision-making is based only on appropriateness of care and service and existence of coverage. Practitioners or other individuals are not specifically rewarded for issuing denials of coverage. Financial incentives for Utilization Management decision-makers do not encourage decisions that result in underutilization.

Maximize Your Benefits

Louisiana Blue has one of the region's largest provider and facility networks, offering access to care at lower costs. To minimize expenses and maximize your health plan benefits, you should always use in-network providers. It's easy to find providers in our online Find Care provider directory at **findcare.lablue.com** by selecting your plan's network. It's important for you to always check the provider directory for the most up-to-date providers in your network. Providers are subject to change.

What Is Telehealth?

Telehealth, or virtual care, is a convenient way to be treated for routine, nonemergency health conditions or to access behavioral health services and other forms of care through an online connection. Members can look for a telehealth provider on our Find Care provider directory at **findcare.lablue.com**. Telehealth providers have an **"Offers Virtual Care"** indicator. To learn about your telehealth benefits, call the Customer Service number on your member ID card.

Health Savings Account (HSA)

A Health Savings Account (HSA) is a tax-advantaged account for saving on qualified medical expenses. When you choose an eligible health plan, you can put money in an HSA that will help you pay your deductible and your share of covered medical expenses. An HSA may have tax benefits for you. Refer to the benefit chart to see which plans are HSA-eligible.

MySmartSaverSM HSA is administered by HealthEquity.* We recommend **MySmartSaver**SM to help you successfully save for qualified medical expenses now and into retirement. For more information, visit **www.lablue.com/shop-plans** or call HealthEquity Customer Service at 1-866-346-5800.

**HealthEquity, Inc., is an IRS authorized non-bank custodian of HSAs, and the preferred HSA custodian for eligible Louisiana Blue members enrolled in our high-deductible health plans. Members who qualify may open an HSA with any HSA trustee or custodian and should seek guidance from a tax professional or financial advisor. See IRS Publication 969 for more about HSAs. Blue Cross and Blue Shield of Louisiana and HealthEquity are not engaged in rendering tax, legal or investment advice.*

Understanding Key Terms

These are the terms you need to know to help you understand your plan.

- **Premium:**

A premium is the monthly payment you must pay for your plan.

- **Copayment:**

If your plan has a copayment, or copay, you pay a set dollar amount, or flat fee, for some kinds of care, such as at your doctor's office or pharmacy. Your copayment will be a lower amount for a primary care provider and higher for specialists.

- **Deductible:**

If you choose a plan with a deductible, this is the amount you must pay up front before your insurance pays for your care. If your plan also has copayments, these copays will not count toward your deductible. Your plan will have an in-network deductible and a separate out-of-network deductible.

- **Coinsurance:**

Once you've paid your deductible, you'll pay a set percentage, or coinsurance, for your care. You will pay the lowest coinsurance amount when you stay in-network for care.

- **Out-of-Pocket Maximum:**

What you pay toward your medical and pharmacy deductibles, copayments and coinsurance applies to your out-of-pocket maximum. Once you've reached your out-of-pocket maximum, your insurance will pay 100% of the cost of covered care for the remainder of the calendar year. A separate out-of-pocket maximum will apply for services you receive out of your network.

- **Coordination of Benefits:**

Dual health coverage is becoming more common because of working couples with dual incomes, working Medicare beneficiaries and the extension of dependent coverage to children up to age 26. When this happens, Louisiana Blue has guidelines to determine which plan will pay primary and which plan will pay secondary. These rules are outlined in the "coordination of benefits" provisions in your contract, the document that explains your benefits and how they are determined.

- **Authorization:**

A determination regarding your admission, continued hospital stay or other healthcare service or supply which, based on the information provided, satisfies the medical necessity clinical review criteria requirement, appropriateness of the healthcare setting or level of care and effectiveness. An authorization is not a guarantee of payment and is not a determination about your choice of provider.

Individual Health Plans

All Louisiana Blue plans cover Essential Health Benefits including:

Essential Health Benefits*

- **Office visits:**

A visit to your doctor's office.

- **Prescription drugs:**

Drugs prescribed by a doctor to treat an acute illness, like an infection, or an ongoing condition, like high blood pressure.

- **Preventive and wellness services and chronic disease management:**

These services include routine physicals, screenings and immunizations. Chronic disease management is an integrated approach to manage an ongoing condition, like asthma or diabetes.

- **Hospitalization:**

Care you receive as a patient in a hospital.

- **Emergency services:**

Care for conditions which, if not immediately treated, could lead to serious disability or death.

- **Lab tests, blood work, X-rays:**

Testing blood, tissues, etc., from a patient to help a doctor diagnose a medical condition and monitor the effectiveness of treatment.

- **Maternity and newborn care:**

Care provided to women during pregnancy and during and after labor; care for newly born children.

- **Mental healthcare and substance use disorder services, including behavioral health treatment:**

Care to evaluate, diagnose and treat mental health and substance use disorders.

- **Pediatric dental and vision services:**

All plans include benefits for annual pediatric eye exams, glasses, dental exams, cleanings, fluoride treatment, fillings and oral surgery.

- **Rehabilitation services and devices:**

Services and devices to help people with injuries, disabilities or chronic conditions gain or recover mental and physical skills.

**Certain limitations and exclusions apply to Essential Health Benefits.*

Getting Started With Precision Blue

Select Network products are popular for their cost savings and localized, high-quality care. Precision Blue is part of our Select Network products, created and designed to save you and your family money. Precision Blue plans are more affordable than traditional PPO plans due to our partnership with select doctors and hospitals. Precision Blue plans offer the same level of care and benefits as broader network plans.

Precision Blue is a great fit if you:

- Reside in the Precision Blue service area
- Are willing to seek care from in-network primary care providers (PCPs), specialists and local hospitals in exchange for lower premiums
- Are willing to choose a PCP to handle most of your medical needs when sick or injured and work with them to get the most value from your plan
- Are willing to check our Find Care provider directory at www.lablue.com/precision-blue before a doctor visit or hospital stay to find providers in the Precision Blue network. Precision Blue accesses the Precision Blue HMO/POS network.

Understand Your Plan

Precision Blue offers two tiers of in-network benefits. When you choose care within the plan's network, your cost share is lower than if you select out-of-network care. Here's how it works:

- **Enhanced Tier 1 (ET1):**
Enhanced Tier 1 includes FMOLHS primary care providers (PCPs) and specialists.
- **Tier 1 (T1):**
Tier 1 includes FMOLHS facilities, as well as in-network participating PCPs and specialists who are not in Enhanced Tier 1.

Our online provider directory makes it easy to identify Enhanced Tier 1 and Tier 1 providers. Please visit www.lablue.com/precision-blue.

Prescription Drug Coverage

Precision Blue plans include prescription drug coverage. Before you go to the pharmacy, see your plan’s covered drug list, or formulary, that includes thousands of generic and brand drugs at www.lablue.com/pharmacy. Not every drug is covered. Drug benefits are managed by Express Scripts.* A mail order program is also available.

Two things a covered drug list can tell you:

1. If there are other drugs you can take for your health condition that cost you less.
2. If there are any rules that you must follow before a drug may be covered.

Prescription Drug Structure

Your plan has either 2 cost tiers or 4 cost tiers for drugs. Drugs in the lower tiers cost less than drugs in the higher tiers. To save money, members must start with a drug in Tier 1.

2-Tier Pharmacy Plans <i>Coinsurance will apply once your deductible is met.</i>			4-Tier Pharmacy Plans <i>A separate drug deductible may apply, then copayments or coinsurance.</i>		
Tier 1	\$	Generic drugs	Tier 1	\$	Primarily generic drugs, although some brand-name drugs may fall into this category
Tier 2	\$\$	Brand drugs	Tier 2	\$\$	Brand drugs
			Tier 3	\$\$\$	Primarily brand drugs that may have a therapeutic alternative that is in Tier 1 or Tier 2, although some generic drugs may fall into this category. Covered compounded drugs are included in this tier
			Tier 4	\$\$\$\$	High-cost brand or generic drugs that are identified as specialty drugs

\$0 Dollar Drug Copay Program

Our \$0 Drug Copay Program offers \$0 copay for certain drugs used to treat certain chronic conditions. Members do not have to meet a deductible before getting program drugs for \$0. Drugs in this program are regularly recommended to treat asthma, chronic obstructive pulmonary disease (COPD), coronary heart disease, diabetes, heart failure, depression and other common chronic conditions. The \$0 Drug Copay Program is available for copay-based pharmacy benefits. The program is not available for coinsurance-only pharmacy benefits. Go to www.lablue.com/covereddrugs for a list of drugs in the program.

Key Insights Before You Seek Care

To receive the highest level of benefits, it's important to stay in your network. Always check the Find Care online provider directory at findcare.lablue.com or visit www.lablue.com/precision-blue for the most up-to-date providers in your network. Providers are subject to change.

Before you get care, consider your options and costs:

Primary Care Provider (PCP) or Specialist	Urgent Care	Emergency Room (ER)
\$	\$\$	\$\$\$\$
Provides ongoing care for non-emergent health issues. Focuses on preventive care and managing chronic conditions.	Provides care for minor illnesses or injuries that need to be looked at quickly but are not life-threatening. Most urgent care centers have night and weekend hours. They often do X-rays, lab work or stitches.	Provides care for life-threatening illnesses and injuries. Call 911 or go to the nearest emergency room. Emergency care is covered anywhere. However, authorization for an emergency inpatient admission must be requested within 48 hours of hospital admission.

Planned Stays in the Hospital

- **In-Network Hospital:** As long as you're staying at an in-network hospital and your doctor receives an authorization from us before your stay, you will get in-network benefits.
- **Out-of-Network Hospital:** If the hospital is outside of your network, you will need prior authorization to determine whether your stay is medically necessary. You will pay higher out-of-network costs. You may also be balance billed.

Lab Services

Out-of-network lab tests may have higher costs and even billed charges. Pay less by going to an in-network laboratory.

Prior Authorization

We may require prior authorizations (PA) to determine the medical necessity for inpatient and outpatient services or for supplies. Find a list of the services and supplies that require a PA on your schedule of benefits. In-network providers will process a required PA for you.
